

WILKINSON'S

Removal and Storage of Bristol

YOU'RE IN SAFE HANDS

Congratulations. By asking for a quote from Wilkinson's Removals, you've taken the first step to a simple, safe and hassle-free move.

With Wilkinson's you have peace of mind. We're a professional removals company, with some of the most helpful, highly trained people in the business. And all the specialist equipment, storage facilities and insurance you need for a successful move. But one thing really sets us apart. We never forget that this isn't just about boxes and beds. This is your life. And it's all special and precious.

Since the pandemic, we've seen lots of people buy a van and set themselves up as removals firms. Some may be good

– some not so. And while we know price is important, if you go with the cheapest quote and your possessions get lost or damaged, it won't feel like such a good deal. With Wilkinson's, you may pay a little more, but the quality of service, experience and peace of mind that you get, will be worth every penny.

Some of our staff have been moving people and families for more than 30 years. And that's why you'll always be in safe hands with Wilkinson's Removals.

We've got moving all wrapped up

At Wilkinson's, our team is ready and waiting to give you all the help you need for a smooth move from start to finish.

When you get in touch, you can request an auto quote – just to give you a broad idea of what your removals cost might be. Then, we can book an appointment for a home visit, giving you the chance to meet us in person, discuss your needs and get a final quote.

We'll complete a professional survey of your home and possessions, and make a note of everything from access, packing requirements and unusually large items. This will help us work out how many vehicles and staff you need for your move. If you prefer, can fill in one of our self-survey forms, or record a video tour of your home via WhatsApp, then send that to us. Whatever works for you, works for us.

Armed with that information, we'll supply you with a full, written quotation, usually within 48 hours.

Then we'll leave it with you – no hard

sell, no obligation. We just want you to choose the company you feel most comfortable with.

If you do choose us (and we hope you will), just get in touch to accept our quotation and we'll book you in. We'll then send you an invoice to pay a deposit and then final confirmation of your move, along with a VAT receipt for your payment.

The big day

On moving day, our helpful, fully trained staff will arrive at 9am. We always aim to have everything out of the property between 12-1pm, to reduce any delays with the transfer of funds from one solicitor to another. Once everything is loaded onto our vehicles, you'll have direct contact with the manager handling your move. That way, you can stay in touch with any updates – including that exciting moment when you're told you can pick up the keys to your new home.

Should there be any problems getting into your new property, we have a back-up plan

with our secure storage facilities in East Bristol. Otherwise, our team will move everything into your new home – straight to the correct rooms. If you've asked us to reassemble wardrobes or beds, we'll get to work on that. Our aim is to complete your move as soon as possible, so you can start enjoying your new home.

Handled with care

Your furniture and belongings will be treated like they're our own. To ensure they arrive in pristine condition, we've invested in hard-backed TV bags, picture bags, sofa and armchair covers, as well as hundreds of heavy-duty blankets. We also have wardrobe cartons and floor protection for your home to stop any marks on your carpets or flooring. And we're very used to taking care of special items like pianos, grandfather clocks, antiques or delicate artwork.

All too often we see budget removal companies, or man and van services, put furniture into vans with no protection at all. And it's so upsetting for customers when they arrive at the new address with damage, scuffs or marks. We'd never treat a customer's belongings like that.

Fully insured

For your ultimate peace of mind, we hold the most comprehensive insurance we can lay our hands on, including employer's liability, public liability, goods in transit, removals and storage, and fleet insurance. All provided by leading insurers, Aviva and Royal Sun Alliance, and brokered by removals and storage specialist, Basil Fry.

Taking care of the planet

Looking after the planet is as important to us as looking after your belongings. That's why we're committed to Reduce, Reuse and Recycle principles. As soon as your move is completed, we'll take away any packaging you're finished with – or come back for it when you're ready. Most of it can be re-used for future moves. If it can't, then it's all disposed of responsibly.

A company you can trust

At Wilkinson's, everything we do is designed to make your moving experience a stress-free and pleasant one. That's why all our people receive professional industry training to offer the highest standard of removals and packing. But don't just take our word for it. We encourage everyone who uses our services to leave their reviews on Google or Checkatrade.com.

Accredited

We're incredibly proud that our established business is a gold standard member of the Association of Independent Movers (AIM), as well as a member of recognised trade bodies, Move Assured and comparemymove.com. We're also

recommended by reallymoving.com, comparemymove.com, Soresi.co.uk, Hunters Estate Agents and Milburys Sales, Letting and Management.

Thank you for giving us the opportunity to provide you with a quotation. Before you put your whole life in someone else's hands, it really is worth spending a few minutes to check if they're as experienced, reliable and trustworthy as us. If they're not, that cheap quote may not turn out to be such a good deal.

Whoever you choose to help you move, we hope you have a pleasant and stress-free experience and wish you much luck and happiness in your new home.

Nick Wilkinson
